GREEN SCREEN FILM SERIES PRESENTS: A SEA CHANGE

Another exciting film is scheduled for the Plano Green Screen Film Series. Join us for the screening at 6:30 p.m. on Monday, Feb. 14 at Studio Movie Grill in Plano. Purchase tickets at the Studio Movie Grill box office in Plano located at 4721 W. Park Boulevard at Preston Road.

February's Green Screen Film: **A SEA CHANGE**

A Sea Change is both a personal journey and a scientifically rigorous, sometimes humorous, unflinchingly honest look at reality. It offers positive examples of new technologies and effective changes in human behavior that we all must choose before the oceans are lost. The film's protagonist Sven Huseby asks how he will explain to his oldest grandchild, Elias, what is happening to the oceans and their ecosystems. Check out the movie trailer at aseachange.net. Local experts will offer a short commentary on the topic immediately following the film.

Live Green in Plano and Studio Movie Grill in Plano partner to show a different family-friendly film each month. These movies focus on a wide variety of sustainability topics.

Be sure to check them out on the second Monday of each month at 6:30 p.m. exclusively at Studio Movie Grill in Plano. Be entertained, be inspired, be green!

For more information call Studio Movie Grill at (972) 596-4627 or visit livegreeninplano.com.
