

## Join the *Live Green in Plano* (LGIP) Volunteer Team

Be a part of our green team! Work with others committed to making Plano a cleaner, greener, healthier community. Put your passion and knowledge to work during throughout the year by promoting environmental education and social responsibility.

Volunteers have the opportunity to receive in-depth training on composting, recycling, water conservation, air quality and energy conservation. You can help friends and neighbors learn the meaning and importance of living green in Plano. Opportunities are available throughout the year – take advantage of this great way to get involved!
