

Staffing the Reuse Center

Qualification for Trainees

LGIP Volunteers should have a basic knowledge of, or interest in, environmental issues; enthusiasm for acquiring and sharing green living knowledge and skills; an ability to communicate effectively; and, the time and willingness to participate in educational activities and projects.

To help you decide if you should apply to be a *LGIP* Volunteer, ask yourself these questions:

-  Do I want to learn more about ways to reduce my impact on the environment?
-  Am I eager to participate in a free, practical and intensive training program?
-  Do I look forward to sharing my knowledge with people in the community?
-  Do I have enough time to attend the training and to complete 24 hours of volunteer work?
-  Am I willing to follow through on my volunteer commitment?

If you answered yes to these questions, the *LGIP* Volunteer Program could be for you.
