## Hawk Nest Found at Plano Park Construction Site Media Availability Wednesday Morning

Construction crews working on the renovation of Carpenter Park North discovered a red tail hawk nest at the top of a light pole. The nest was found as the workers were taking down poles for the project. The single pole with the nest will not be disturbed until the fledglings hatch and fly away.

**Representatives from the City of Plano Parks and Recreation Department, the Blackland Prairie Raptor Center and the construction company who discovered the nest will be available for interviews Wednesday, April 10 at 10:00 a.m.** The attached map will show the meeting place on the north end of Carpenter Park (west of Coit Road, south of Denham Way).

Go Pro video of the nest will be available to the media.
