As of 4:00 this afternoon, there are no new cases of COVID-19 reported in Plano. 78 persons are under monitoring in Collin County.

Patients diagnosed with COVID-19 have reportedly had mild to severe respiratory illness with symptoms of fever, cough, and shortness of breath. Symptoms may appear in as few as 2 days or as long as 14 days after exposure. However, some patients can have more severe symptoms,

complications, and/or death. Please call your provider before arriving to the provider's office or emergency department to limit the potential spread of any infection.

The County (Collin and Denton) Health departments are identifying and contacting individuals who may have been exposed. Any individuals identified as having been exposed will be contacted directly by the County. No further personal information will be released to protect patient confidentiality. The County will monitor and investigate COVID-19.
