Collin County Health Care Services (CCHCS) reports 12 new COVID-19 cases in Collin County, including 3 in Plano. The total number of positive cases in Collin County is 1,028, including 304 in Plano. The County has 302 active cases, including 86 in Plano.

After moving a Dallas case off the Plano list, CCHCS added it back on. It is from the Dallas zip code 75252. Since it is clearly a Dallas zip code, we are not counting it as a Plano case. As a result, the County's numbers will reflect one more case than our City totals.

There are four cases in the Denton County portion of Plano. All four are now recovered. With the Denton County cases, the total number of positive cases in Plano is 308.

14,234 people have been tested for the virus in Collin County. 13,171 tested negative. 1,028 tested positive.

1,720 people are currently under monitoring (PUM) in Collin County, including 499 in Plano. A PUM is an asymptomatic person with an epidemiologic exposure to the COVID-19 virus. The exposure may be close contact with a confirmed case or with their infectious secretions or clinical specimens; or designation as a PUM by CDC.
