Coronavirus Update

On Tuesday, September 8th, we announced the City of Plano would no longer push out daily media advisories and social media posts with COVID-19 data. To clarify a couple of points:

- The City of Plano does not manage or track COVID-19 cases. The State of Texas does, and the State also reports case information.
- The information provided by the State of Texas is still available through our City dashboard and is updated daily. Simply click [HERE](#) to find all the information previously found in the daily advisories.
- This change in how we provide information is in no way related to the status of COVID-19 in our community.
