

## REQUIREMENTS FOR PURCHASING WATER METERS NON-RESIDENTIAL PROJECTS (ADDITIONS, CHANGES, REVISIONS, UPGRADES)

### Projects under Construction:

1. Meter changes will require 7-Site plans submitted to the Engineering Department showing the changes on the plan and the Meter Table along with 6-Revised Water and Sewer plans reflecting the change. These are considered Revisions to the project under construction.
2. Payment of the additional meter, Automatic Meter Reader and sewer fees (if applicable) will be paid to the Building Inspections Department. Plans will be stamped and routed to the appropriate city Department.
3. Complete the **Water Meter Information Form** for water service billing information. The forms are in Building Inspection Department.

### Existing Site – New Service without Taps:

1. Pay Building Inspection Department the Estimate Fee. After payment of the estimate fee Utility Operations will inspect location and forward an itemized work order to the customer and to Building Inspection showing the total charges required to set new meter taps. Contact Utility Operations with questions regarding Work Order Estimates (972)-769-4151).
2. Submit 4-Site plans to Engineering Department showing location of the meter, suite number (if applicable) and change to the Meter Table. Pay meter, sewer fees (if applicable) and Automatic Meter Readers to the Building Inspections Department. Also pay the Work Order charges to Building Inspections Department prior to Utility Operations making new meter taps and installing the meter.
3. Complete the **Water Meter Information Form** for water service billing information. The forms are in Building Inspections Department.
4. Checklist-Utility Operations will set meter(s) after the following applicable items have been completed:
  - Estimate fee paid – Building Inspections Department
  - 4-Site plans reflecting the changes submitted-Engineering
  - Meter, sewer and Automatic Meter Reader fees paid in Building Inspections Department
  - Set up water billing account information-Forms provided in Building Inspections Department. The meter will not be set until this information is complete. Contact Customer and Utility Billing with questions regarding water-billing information (972-941-7105).
  - Tap fee including Labor and Materials (provided from the estimate) paid – Building Inspections Department.

## **Existing Site – New Service with Taps:**

1. Submit 4-Site plans to the Engineering Department showing the location of the meter, suite number (if applicable) and Meter Table change. Pay meter, sewer and Automatic Meter Reader fees (if applicable) to the Building Inspections Department prior to Utility Operations installing the meter.
2. Complete the **Water Meter Information Form** for water service billing information. The forms are in Building Inspection Department.
3. Checklist – Utility Operations will set the meter(s) after the following applicable items have been completed:
  - 4-Site plans reflecting the changes submitted- Engineering Department
  - Meter, sewer and Automatic Meter Reader fees paid – Building Inspections Department
  - Set up water billing account information - Forms provided in Building Inspections Department.The meter will not be set until this information is complete. Contact Customer and Utility
