

Plano Public Library Wireless Printing Instructions

Use your email address to print wirelessly from your personal device, no library card needed.

Three ways to print:

1. Use the PrinterOn App
2. Use the PrinterOn Web Portal
3. Email

Print from the PrinterOn App:

- After downloading the PrinterOn App ([iPhone](#) [Android](#)), add a printer by tapping on **No Printer Selected** to search by location or keyword (Use keyword 'Plano' to search and scroll down). Carefully select the location and printer you would like to use.
- Once the printer has been selected, tap on **Documents, Photos, or Web**, and make your print selection(s). Tap on the printer icon > green print button > check mark in upper right-hand corner.
- You will be prompted to enter your email address which will uniquely identify your print job(s).
- Make sure that the status updates show that the job has started, followed by a job success message. You can also check the Print History screen to verify that your print job was successfully submitted.
- Proceed to your pick up location to release and pay for your purchase within two hours of submitting request.

Print from PrinterOn.com: [link](#)

- Go to **Find a Public Printing Location** located at the top. Choose **United States > Texas > Plano > Plano Library System** (select your preferred pickup library).
- Select printer, enter email address and select document by file or URL. Click on the green printer icon to submit.
- Proceed to your pick up location to release and pay for your purchase within two hours of submitting request.

Print by Email:

- Use the email address listed for your preferred printer. Attach the documents you would like to print, and send.
- You will receive a confirmation email verifying the job was successfully processed.
- Proceed to your pick up location to release and pay for your purchase within two hours of submitting request.
